

SEND Provision at Wath Victoria Primary School

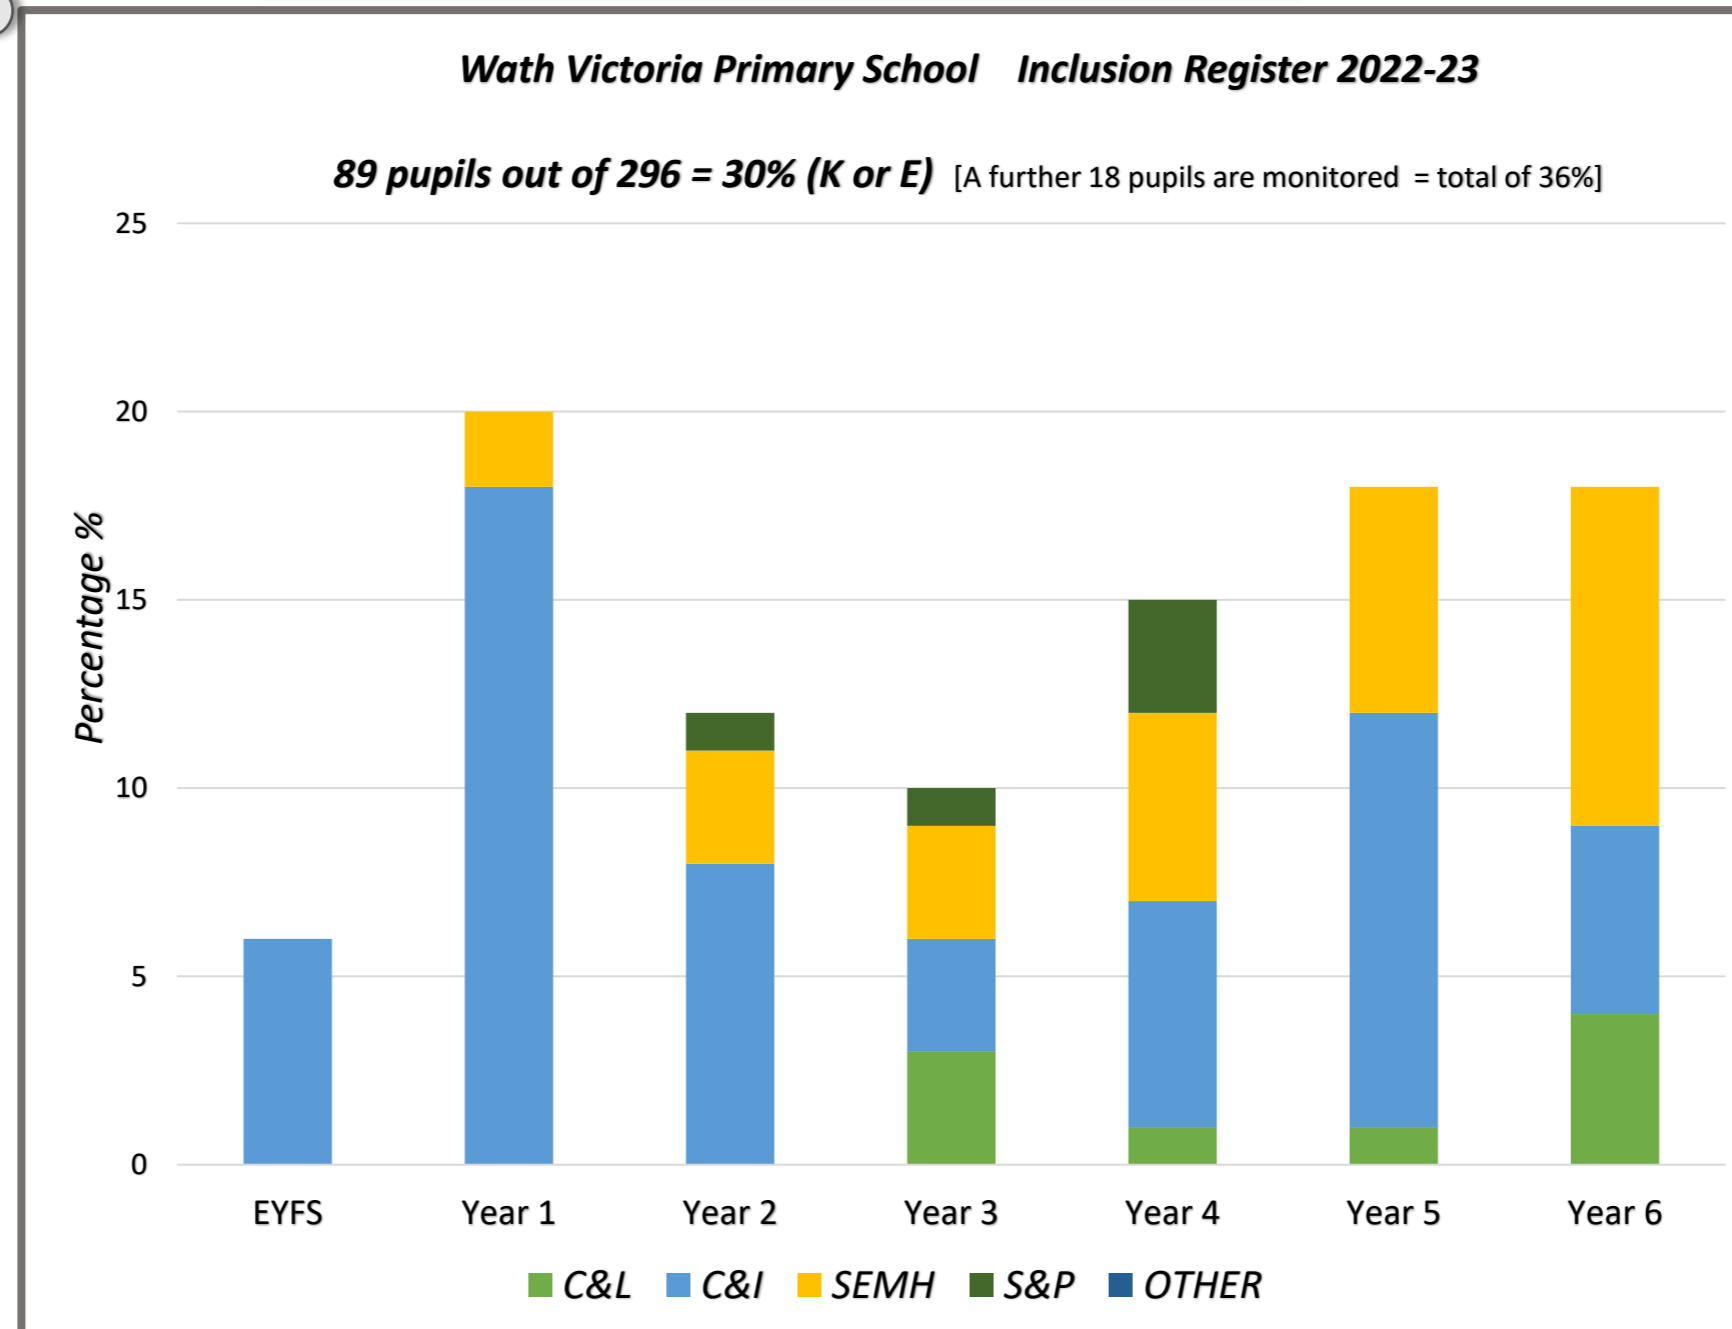

@WV

Everyone is welcome, valued, safe and can succeed

Our care team comprises of:

- SENDCo – Mrs Nutley
- Assistant SENDCo - Miss Maddison
- SEMH lead - Miss Booth
- Integrated resource lead – Autism champion – Miss Frame
- Pupil Welfare Manager - Miss Canetti
- Learning Mentor – Mr Bennett
- Medical team - Mr Dempsey / Mrs Howlett
- Sports Coach – Mr Batham
- Family support champion – Mrs Burgin
- Mental Health First Aiders – Miss Frame, Mrs Mackinnon, Mrs Bailey, Mrs Burgin, Miss Canetti
- Support staff skilled in the delivery of speech and language programmes

Our Integrated Resource for Autism provides bespoke educational provision for pupils who have an Education and Health Care Plan, have a diagnosis of autism and who are capable of accessing aspects of a mainstream academic curriculum.

A school built on love

Everyone at Wath Victoria Primary School is committed to, and passionate about, providing the conditions and opportunities to enable every child, including those with additional needs, to be included fully, in all aspects of school life. We believe in the earliest possible intervention to support our children and families. We always start with Quality First Teaching, for all children. If support is required beyond this, a graduated response is at the heart of our whole school 'steps to success' practice. We continually assess, plan, implement and review our approach to teaching and learning collaboratively with parents. We have highly skilled and trained staff to support any additional needs and use expert support from outside agencies where needed.

Our staff have a wealth of knowledge, skills and experiences that support the development of all children.
