# Accessibility Policy and Plan

We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The plans, over time, look to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.

It will look to increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.

It will look to improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Below is our action plan, relating to these key aspects of accessibility. This plan will be reviewed and adjusted on an annual basis. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Curriculum
- Equal Opportunities
- Staff Development
- Health & Safety
- Inclusion
- Behaviour Management
- School Improvement Plan
- School Prospectus and Mission Statement

The Action Plan for physical accessibility is formed in conjunction with the Local Authority Building Manager and the JMAT buildings officer. The audit will need to be revisited prior to the end of each three-year plan period in order to inform the development of the new Plan for the following period.

The school will work in partnership with the local education authority and JMAT in developing and implementing this plan.
